

## 4<sup>th</sup> Cuneo City Immunotherapy Conference (CCITC) Immunotherapy in Hematological Malignancies

Cuneo, Spazio Incontri - Fondazione CRC, October 10-12, 2024

### Thursday, October 10, 2024

13:45-14:00 Welcome *G. Coletta (Cuneo), M. Massaia (Cuneo-Torino), L. Tranchida (Cuneo)*

#### 14:00-16:00 **SESSION I - Immunotherapy in lymphoid malignancies I**

*Chairmen: C. Castellino (Cuneo), U. Vitolo (Torino)*

14:00-14:20 News and views in indolent lymphomas E. Derenzini (Milano)

14:20-14:30 Discussion

14:30-14:50 News and views in aggressive lymphomas C. Carlo-Stella (Rozzano-MI)

14:50-15:00 Discussion

15:00-15:20 News and views in Hodgkin lymphoma C. Rusconi (Milano)

15:20-15:30 Discussion

15:30-15:50 News and views in acute lymphoblastic leukemia A. Rambaldi (Bergamo)

15:50-16:00 Discussion

16:00-16:30 *Coffee Break*

16:30-18:00 *Open Coffee*

#### 16:30-18:30 **SESSION II - Immunotherapy in lymphoid malignancies II**

*Chairmen: F. Di Raimondo (Catania), M. Grasso (Cuneo)*

16:30-16:50 News and views in chronic lymphocytic leukemia and Waldenström disease A. Tedeschi (Milano)

16:50-17:00 Discussion

17:00-17:20 Tumor-host interactions as determinants of immunotherapy responses in CLL M. Seiffert (Heidelberg, DE)

17:20-17:30 Discussion

17:30-17:50 Bispecific antibodies and CAR-T in multiple myeloma H. Einsele (Würzburg, DE)

17:50-18:00 Discussion

18:00-18:20 Genomic and immune predictors of immunotherapy responses in myeloma F. Maura (Miami, USA)

18:20-18:30 Discussion

# ER Congressi

Friday, October 11, 2024

**9:30-11:00 SESSION III - Immunotherapy and targeted therapy in myeloid malignancies**

*Chairmen: R.M. Lemoli (Genova), D. Mattei (Cuneo)*

9:30-9:50 Current and future approaches: from AML to BPDCN C. Papayannidis (Bologna)

9:50-10:00 Discussion

10:00-10:20 CAR-T in AML: ready for prime time? S. Tettamanti (Monza-MB)

10:20-10:30 Discussion

10:30-10:50 Immune dysregulation and driver mutations  
in myeloid malignancies A. Curti (Bologna)

10:50-11:00 Discussion

11:00-11:30 *Coffee Break*

11:30-12:30 *Open Coffee*

**11:30-13:00 SESSION IV - Immunological hits from solid cancer and other diseases**

*Chairmen: R. Freilone (Torino), D. Rapezzi (Cuneo)*

11:30-11:50 CAR-T SIE: state of the art P. Corradini (Milano)

11:50-12:00 Discussion

12:00-12:20 Mechanisms of CAR-T resistance M. Ruella (Philadelphia, USA)

12:20-12:30 Discussion

12:30-12:50 CAR-T cell therapy in autoimmune diseases J. Taubmann (Erlangen, DE)

12:50-13:00 Discussion

13:00-14:00 *Lunch*

**14:00-15:30 SESSION V - Exploring innovative cell-therapy approaches I**

*Chairmen: R. Foà (Roma), M. Ladetto (Alessandria)*

14:00-14:20 Editing of tumor microenvironment with targeted cell  
and gene therapy L. Naldini (Milano)

14:20-14:30 Discussion

14:30-14:50 Allogeneic CAR-T cell therapy: mechanisms of  
expansion and rejection S. Neelapu (Houston, USA)

14:50-15:00 Discussion

15:00-15:20 Decentrally manufactured CD19 CAR-T cells J. Raaijmakers (Leiden, NL)

15:20-15:30 Discussion

15:30-16:00 *Coffee Break*

16:00-17:00 *Open Coffee*

# ER Congressi

## **16:00-18:00 SESSION VI Exploring innovative cell-therapy approaches II**

*Chairmen: D. Cilloni (Torino), G. Gaidano (Novara)*

16:00-16:20	NKT as alternative TCR/CAR-T cell platform	G. Casorati (Milano)
16:20-16:30	Discussion	
16:30-16:50	Humanized mouse models as a predictive platform for adaptive immunotherapy	G. Inghirami (New York, USA)
16:50-17:00	Discussion	
17:00-17:20	Personalized oncolytic virotherapy	V. Cerullo (Helsinki, Finland)
17:20-17:30	Discussion	
17:30-17:50	An immune portfolio for ALK tumors: from vaccine to cellular immunotherapies	R. Chiarle (Torino-Milano-Boston)
17:50-18:00	Discussion	

## **Saturday, October 12, 2024**

### **9:30-11:00 SESSION VII - Immunological hints from solid tumors**

*Chairmen: D. Russo (Brescia), R. Sorasio (Cuneo)*

9:30-9:50	Discovery of new targets for CAR-T cells in solid tumors	M. Di Nicola (Milano)
9:50-10:00	Discussion	
10:00-10:20	Neoantigens based vaccines in cancer prevention	E. Scarselli (Roma)
10:20-10:30	Discussion	
10:30-10:50	Individualized neoantigenic therapy in melanoma	M. Del Vecchio (Milano)
10:50-11:00	Discussion	
11:00-11:30	Coffee Break	
11:30-12:30	Open Coffee	

### **11:30-13:00 SESSION VIII - Personalized immunotherapy: from allotransplant to targeted therapy**

*Chairmen: B. Bruno (Torino), N. Mordini (Cuneo)*

11:30-11:50	Allotransplant state of the art	F. Ciceri (Milano)
11:50-12:00	Discussion	
12:00-12:20	Mechanisms of relapse: differences and similarities with CAR-T cells	L. Vago (Milano)
12:20-12:30	Discussion	
12:30-12:50	Towards a personalized approach to immune therapies for cancer: one drug, one patient	L. Kwak (Duarte, USA)
12:50-13:00	Discussion	
13:00-13:10	Goodbyes and meeting close	M. Massaia (Cuneo-Torino)
